

Certificate of Origin

Bovine Spongiform Encephalopathy (BSE)
Transmissible Spongiform Encephalopathy (TSE)
Genetically Modified Organisms (GMO)

ITEM NO	DESCRIPTION	CAS	Batch
BM844	2-Butylamino-5-pyridineboronic acid, pinacol ester	2096341-76-1	M8440901

No animal, human, plant, or animal/human/plant-derived products are utilised in the manufacture of these Boron Molecular compounds. At no time are these compounds in contact with the above products. All compounds are purely synthetic and are for research and development purposes only.

Therefore the product list above is:

Bovine Spongiform Encephalopathy (BSE)
Transmissible Spongiform Encephalopathy (TSE) and
Genetically Modified Organism (GMO)

issue free.
